

Proposed Wording for Graduate Certificate GPA requirements

Below is wording as it might appear in the Graduate Bulletin. Currently similar wording appears in the description of each individual certificate program. The proposed change follows this format.

The Graduate Certificate in [XXX] is NOT the equivalent of a state teaching license nor preparation to earn a teaching license.

If you choose to pursue a master's degree in [XXX], these certificate courses may apply to your degree requirements. Completion of the certificate program does not guarantee admission to the master's program.

Program Restrictions:

Students enrolled in the certificate program must complete it with a minimum cumulative GPA of 3.0 or be subject to probation and dismissal from the certificate program.

Certificate Requirements Major Requirements (XX cr.) Core Requirements (XX cr.)...
